## Reference

I know Mr. Hasenmaier and his team from our cooperation over the years.

Owner Wolfgang Hasenmaier is a shrewd and street-smart investigator. He optimizes continuously 24 /7 to this day. Mr. Hasenmaier and his team of experts often contribute considerably to the legal bargaining power of our clients. He uses three decades in practical experience.

The added value they generate in successful cases frequently exceeds many times what is invested in them. Their success rate is at 90 % +. Many of their cases are complex to highly complex cases. Often against conmen and other white-collar criminals.

As a lawyer and as a private person I therefor recommend Mr. Hasenmaier and his DSH wholeheartedly as a top detective agency.

I look forward to our continued successful cooperation.

Respectfully yours

Michael Kolaczkowski
